

AFA CITES Census:I

Number of Persons participating on this Census form? _____ (Please participate in only 1 Census, either as a group, or individually)

Part I: The following chart contains a partial list of avian species now listed under Appendix I of CITES. Please provide the numbers you possessed on December 31, 2000 of each species, and the number of offspring you have produced from these birds.

Explanation of Categories: In column (2) marked # of males please enter the total number of male birds of the given species that you still maintain at your aviary or home even if you plan to sell them later. Repeat for Column (3) # of females. In column (4) marked Unknown Sex add any birds of the species that you have not had sexed that will eventually be breeding stock or will be sold later. In Column (5) Captive-bred column, place the number that represents the total number of the first three columns where you know the birds were hatched in captivity (i.e.: not taken from the wild or imported as wild-caught prior to 1992). In Columns (6) and (7), enter the number of chicks you have raised from all the birds of the species you reported in Columns (2) (3) and (4) that you no longer possess, but have sold or transferred. In Column (8) State whether you are producing second generation captive-bred birds of the species &.(i.e.; both parents are captive-bred birds here in the US or abroad).

(1) Species	(2) # of Males (Breeding Stock or held for breeding)	(3) # of Females (Breeding Stock or held for breeding)	(4) # Unknown Sex (Breeding Stock or babies held for later breeding)	(5) How many birds in columns (2,3,4) are Captive-Bred Birds	(6) Offspring Produced 1999 (from columns 2,3,4) that you have sold or transferred out of your aviary.	(7) Offspring Produced 2000 (from columns 2,3,4) that you have sold or transferred out of your aviary.	(8) Are you breeding Second Generation Birds? (F2) Yes/No
Scarlet Macaw							
Military Macaw							
Buffon s Macaw							
Hyacinth Macaw							
Caninde (Blue- throated) Macaw							
Illiger s Macaw
